Republic Services holds Recycle Round-up event for Dallas residents

Republic Services is excited to invite all Dallas residents to the annual Dallas Recycle Roundup event on Saturday, March 30, from 9:00 am to 2:00 pm. This is your chance to declutter your home and responsibly dispose of recyclables, yard debris, scrap metal, and unwanted electronics. There is no charge for Dallas residents bringing household quantities of materials for recycling or composting. This event is a convenient way to get rid of items that can't be placed in your regular recycling or organics cart.

We'll be accepting household quantities of:

- Yard debris and branches
- Cardboard
- Unpainted and untreated wood
- Scrap metal (barbecues and lawnmowers must have fluids and tanks removed beforehand)
- Large appliances
- Televisions
- Computers and mobile electronics

"Republic Services is proud to partner with the City of Dallas to keep our community clean," said Julie Jackson, Municipal Manager for Republic Services. "This event makes it easy for residents to dispose of unwanted items responsibly and help the environment."

All items collected at the event will be safely recycled or composted. However, there are a few things we cannot accept:

- Paint
- Hazardous waste (car fluids, pesticides, fertilizers, explosives, lubricants, etc.)
- Household trash
- Tires
- Dirt or Concrete

To learn more and to see a calendar of future events, please visit the Republic Services website for the Dallas area: republicservices.com/dallasOR
