SESSION PLANNING...

PLEASE NOTE THESE DATES WILL NOT BE ESTABLISHED UNTIL THE FINAL CLASS IN MAY

The second year of the Leadership Dallas program provides the chance to practice and apply the experience of the first year. Each participant is given the opportunity to select one of the eight topic days, and together with the other members of their team, create what they believe are the key attributes of a Leadership day. This is done under the guidance of the staff of the City of Dallas.

This experience will allow the graduates to gain direct contact to Dallas's existing leadership by working with them as they plan. They will explore first-hand our community issues and how each graduate can become part of the greater whole. Each team will be encouraged to practice leadership and effective team roles.

The second year provides the crucial step in moving potential leaders into effective community leaders.
