

## RULES OF PLAY

1. Disc golf is played like ball golf, except that a flying disc is used. The object of the game is to land your disc into the metal baskets (hole), using the fewest number of throws possible. Every disc golf hole is PAR 3.
2. Each time a disc is thrown it counts as a stroke. The winner is the player with the lowest score (fewest strokes) at the end of the round.
3. Tee throws (the first throw on each hole) must be made from the designated tee areas.
4. After teeing off, the player whose disc is farthest from the hole always throws first.
5. All throws (except tee throws) must be made from the spot the disc landed.
6. Never throw until the players in front of you are out of reach and the fairway is completely clear of spectators and other park users.
7. Any disc thrown across or landed on paved driving surfaces, or active playfields is out of bounds. Any disc landing in water is out of bounds. One stroke penalty.
8. A practice basket is located adjacent to the parking area near the first tee.
